## SECTION 5 – PRICE PROPOSAL FORMS

### 3. Price Proposal – Shipping Charges

Name of Applicant: \_\_\_\_\_

**Note:** Shipping industry practice indicates that shipping companies normally provide shipping charges information to customers in two ways, as follows:

- Steaming rate and docking rate per hour; or
- Charter rate per day – with “*day*” means 24 hours.

For the purpose of this prequalification exercise, and in the interest of setting a uniform basis of comparison and evaluation of price proposals, Applicants shall submit price proposals on “*Steaming rate per hour plus docking rate per hour*” basis.

For those Applicants who propose to charge on “*Charter rate per day*” basis when finally prequalified, you may indicate the equivalent “*Charter rate per day*” in the appropriate column provided as below.
